Report of Cemetery Trustees.

More than the usual amount of labor has been put into the care of the Cemetery during the past year. Throughout the whole season effort has been made to keep the grounds in as clean and fitting condition as possible. Loose headstones have been reset and the leaves properly raked, especial attention has been given to lots that friends have given funds for their perpetual care. In addition to this all the gates and the posts around the new part have been painted and quite an amount of fertilizer applied.

REPORT OF BOARD OF HEALTH.

During the year five cases of Diphtheria were reported and promptly quarantined. Antitoxine was used in all of these cases. The generosity of the Board of Selectmen making it possible, in accordance with Public Health Laws of 1890, Chapter 100, Sec. 2.

A few cases of German Measles were reported. There were, no doubt, many more, but were not recognized because of the mild character of the disease.

Two cases of Typhoid fever were brought to our notice.

It is most gratifying that there has been only one case of Tuberculosis.

The dumping grounds have had careful attention by one member of the Board.

TRUSTEES REPORT.

The past year has been one of special moment, in the history of our library.

Pursuant to the town's vote at its last annual meeting, - -

"That the room in the town house building now occupied by O. D. Prescott for a dry goods store be used hereafter by the Chamberlain Free Public Library for a public library and reading room. That the sum of five hundred dollars be raised and appropriated and paid over to the library trustees to fit up and furnish said room," we have taken possession of the room vacated by Mr. Prescott, made necessary repairs, equipped and furnished the same as well as was possible to do, with the funds at our disposal, and moved the library into this room.

That the more commodious, better lighted, more conveniently arranged quarters, are gratefully appreciated by the public, is evidenced by the marked increase of patronage. In January 1908 the number of visitors was 517, in January 1909 the number of visitors was 982, and there has been a corresponding increase in the number of books taken out.

The library has been open as usual during the past year and our magazine list still furnishes the reading tables with the best periodical literature.

We find, that with the new arrangement of reading tables, a more generous supply of illustrated books and magazines for the young people, would be desirable. It has not been possible to furnish the usual supply of fiction and popular literature as we were compelled to use a part of our regular appropriation in fitting up the new library.

The municipal library today is recognized as one of the most potent educating agents in our land. May our library receive the sympathy and support of every public spirited citizen.

The Trustees.

Report

SCHOOL BOARD

OF

GREENVILLE, N. H.

Report of School Board.

To the citizens of the town of Greenville, N. H., the School Board presents the following report of the schools for the past year.

The schools have been in session thirty-six weeks as usual.

The year began Mar. 12, with Miss Mayola Furber in the Grammar room, Miss Alice Batchelder in the Intermediate room, Miss Stella M. Davis, a graduate of the State Normal School, in the Primary room, and Miss Martha M. Whitney in the lower Primary room. Number of pupils, 100.

On Mar. 20, new regulations in regard to fire were adopted and once each week the fire drill has been put in practice. A system of fire drill had previously been in use, but especial vigilance has been exercised in view of the recent catastrophe in a western town.

The schools assisted as usual in the Memorial Day service.

Rev. Tyler E. Gale was invited to deliver the baccalaureate sermon to the graduating class on June 14, and accepted the invitation, but on account of an epidemic of measles part of the schools were closed and it was deemed best to give up the service.

About 100 people attended the graduating exercises held in the school house June 12, 1908. The class consisted of eight members: Lester Batchelder, Harold Sawtelle, Oscar Livingston, Ester Kimball, Katharine Twiss, Nora Logan, Mary Nault and John Cronin. The diplomas were awarded by Mrs. Bertha C. Ely, chairman of the Board.

The work in music has been carried on successfully under the efficient instruction of Miss Annie P. Stevenson, and no little credit is due Miss Batchelder, who has so ably seconded Miss Stevenson.

We feel that we have made real progress in the drawing the past year under the supervision of Mrs. Fannie A. Wheeler. The results have been more satisfactory than since the drawing was first introduced into the schools; both teachers and pupils having shown more enthusiasm for the work. Several of our children are wearing the badges of The School Arts Guild which they have won as prizes in competition with children all over the United States.

Morton's Elementary and Advanced Geographies have been substituted for those previously in use, as they are considered much in advance of the old ones. Carpenter's Geographical Readers have also been added for the higher grades.

Truant officer Mr. Henry I. Whitney made the enumeration of children as required by Chapter 46, Laws of 1895 of the State of N. H. as amended by Chapter 91 Section 1, Laws of 1905, with the following result : Number of children between the ages of 5 and 16; boys, 162, girls, 180, total 342. Number between the ages of 10 and 16 not able to read and write in the English language, 9. Number of latter born in N. H., 4. Number of former, 267. Number born elsewhere in U. S., 2. Number of former, 37. Number born in foreign countries, 3. Number of former, 38. Number between the ages of 8 and 14 who do not regularly attend school, 4.

The fall term opened Sept 1, earlier than usual on account of the early closing of the Spring term.

Miss Rosie B. King, a graduate of the Normal School at Plymouth, N. H. had been secured as teacher for the Grammar room, with Miss Batchelder, Miss Davis and Miss Whitney in their former places. Normal School methods have been introduced as far as possible and the results obtained have exceeded expectations.

Fifteen pupils have been in attendance at Appleton Academy during the greater part of the year. The contract has been as last year; \$10.00 a term for each pupil.

As has been the custom in previous years we have paid our proportion of the expense of maintaining No. 6 school in Mason.

A change in time and plan of recess was made in Oct. by which the boys and girls have their recesses separately and it has proved satisfactory.

On Oct. 21, the schools observed with appropriate exercises, the 100th anniversary of the birth of Samuel Francis Smith, the author of America.

Nov. 6, resolutions were adopted on the death of our faithful janitor, Mr. Gustave Doucet, the same being signed by the School Board, teachers and pupils. These resolutions were placed on our records and a copy sent to the family as a token of our respect.

A recess was given as usual at Thanksgiving and the schools closed on Dec. 19, for a two weeks vacation.

On Feb. 2, 1909 the pupils of the 8th grade held a debate, which was well carried on; the subject being, "Which was the greater man, Washington or Lincoln?"

The winter term closed Feb. 12, 1909. It being the centenary of Abraham Lincoln, exercises were held in all the schools, which could not fail to instill into the minds of the children a reverence for the great and good man.

The following pupils are entitled to a place on the
Roll of Honor.
